IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

| | | | |
|-------------|---|---------------|-------------|
| Applicant: | Mark A. Exley et al. | Art Unit: | 1644 |
| Serial No.: | 09/885,768 | Examiner: | Amy Decloux |
| Filed: | June 19, 2001 | Customer No.: | 21559 |
| Title: | Compositions and Methods of Monoclonal and Polyclonal Antibodies Specific for T Cell Subpopulations | | |

Assistant Commissioner For Patents
Washington, D.C. 20231

INFORMATION DISCLOSURE STATEMENT

Applicant submits the references listed on the attached form PTO-1449, copies of which are enclosed.

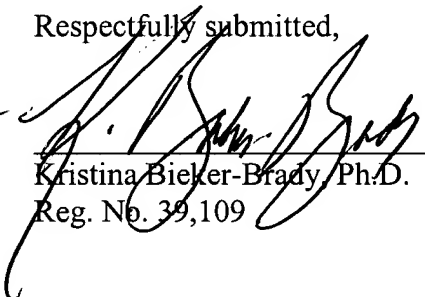

Submission of this statement is not a representation that a search has been made, nor is information included in this statement an admission that the information is material to patentability.

This statement is being filed before the receipt of a first Office action on the merits.

Please apply any charges or credits to Deposit Account 03-2095.

Respectfully submitted,

Date:

August 6, 2002

Kristina Bieker-Brady, Ph.D.
Reg. No. 39,109
